

Eloi Tanguy

✉ tanguy.eloi@gmail.com

Education

Inria , Path Lifting	2026 – present
Under the supervision of Rémi Gribonval.	
Université Paris-Cité, laboratoire MAP5 , Generalised Wasserstein Barycentres and Optimal Transport	2022 – 2025
- Sliced Wasserstein Distance. - Optimal Transport Maps. - Optimal Transport between Gaussian Mixture Models. - Under the supervision of Julie Delon and Agnès Desolneux.	
ENS Paris-Saclay , Mathematics, Vision and Learning (Master MVA)	2021 – 2021
- Deep Learning (Vision, NLP, Graphs). - Optimal Transport. - Optimisation. - Statistics.	
Ecole Polytechnique , Pure and Applied Mathematics	2018 – 2021
Specialisation in Pure and Applied Mathematics.	

Experience

French Statistical Society (SFdS) , Board Member, Young Statisticians Group	2023 – present
- Organising research events. - Webmaster.	3 years
MAP5 PhD Student Seminar , Co-organiser	2023 – 2024
	1 year
MAP5, Université Paris-Cité , Research Intern	2022 – 2022
- Generalised Wasserstein Barycentres and the Sliced Wasserstein Distance. - Under the supervision of Julie Delon and Rémi Flamary.	1 year
DIG-INFRES, Télécom Paris , Research Intern	2021 – 2021
- Extracting structured information from raw Wikipedia text using deep learning. - Under the supervision of Tiphaine Viard and Thomas Bonald.	1 year
Stereolabs , Intern	2020 – 2020
Human pose estimation with CNNs.	1 year
Université de Technologie du Cambodge , Teaching Assistant	2018 – 2018
Taught full-time gifted undergraduate students preparing for Ecole Polytechnique entry exams.	1 year

Projects

Python Optimal Transport (POT)	2022 – present
Contributing to the Python Optimal Transport library.	

Languages

French

Native speaker

English

Fluent

Spanish

Professional working proficiency

Mandarin Chinese

Intermediate

Interests

Optimal Transport

Generative Modelling

Theory of Deep Learning

Reproducing Kernel Hilbert Spaces and Sketching

Music

Blender Modelling and Animation

Tennis
